

A Religion Outside The Box Book

**IF GOD HASN'T
SPOKEN TO YOU
FROM A BURNING BUSH,
THIS BOOK CAN HELP.**

Although people constantly hope to see a miracle that will give them the answers and direction they're searching for, it hardly ever works that way. (The) God (of your understanding) is not going to break character with your understanding of God; otherwise, (the) God (of your understanding) wouldn't be the God of your understanding! So, if you don't believe that God would speak to you out of flaming shrubbery, you probably won't experience that type of revelation.

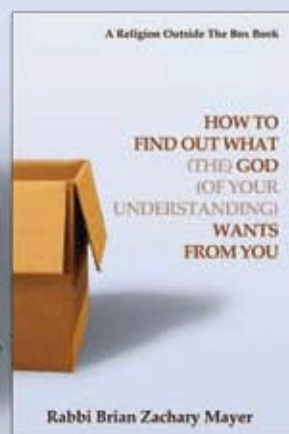

- from the chapter "God & You."

**HOW TO
FIND OUT WHAT
(THE) GOD
(OF YOUR
UNDERSTANDING)
WANTS
FROM YOU**

Regardless of your beliefs about the Bible or what you might use the word God to mean, Rabbi Brian wants to coax out your innate wisdom with regard to *What (the) God (of your understanding) Wants From You*. Simple-yet-powerful, spiritual-religious exercises and an easy to read tone will help you develop your spiritual-religious voice so that you can — to use the words of the Psalms — “sing a new song to God.”
